

Roman S. Fadeev, PhD

PERSONAL INFORMATION

Name Roman S. Fadeev

Date and place of birth June 19, 1982
Saratov region, Russia

Home Address 35 "B", 115, Pushchino, Moscow region,
Russia, 142290

Phone +79264384557
Email fadeevrs@gmail.com

CURRENT APPOINTMENT

Staff scientist	2007-present, Institute of Theoretical and Experimental Biophysics, Russian Academy of Sciences (ITEB RAS), Laboratory of pharmacological regulation of cell resistance, Pushchino, Moscow region, Russian Federation, 142290
Staff scientist	2007-2014, ITEB RAS, Laboratory of Tissue Engineering, Pushchino, Moscow region, Russian Federation, 142290
Head of "Department of Cryopreservation of Cells and Tissues" of Common Use Center of ITEB RAS	2010-present, ITEB RAS, Pushchino, Moscow region, Russian Federation, 142290
Head of "Department of Confocal Microscopy" of Common Use Center of PRC RAS	2011-present, Research Center of RAS (PRC RAS), Pushchino, Moscow region, Russian Federation, 142290

EDUCATION

PhD in Biology	2012, Institute of Theoretical and Experimental Biophysics, Russian Academy of Sciences (ITEB RAS), 2009-2012
MSc in Biology	2009, Puchshino State University, Puchshino, Russian Federation, 2007-2009
Specialist ("Biology" and	2007, Saratov State University, Saratov, Russian

“Chemistry”—add. spec.)	Federation, 2002-2007
Nurse	2002, Balakovo Medical College, Balakovo, Russian Federation, 1999-2002

RESEARCH EXPERIENCE

Cell isolation and cell culture (cell lines, primary cell)
Tissue culture
Electrophoresis and western blotting
Light, fluorescent and confocal microscopy
Spectrophotometric and spectrofluorimetric analysis
Manipulation with lab animals (mice, rats)

RESEARCH INTERESTS

Acute myeloid leukemia (AML); interaction between bone marrow stroma (cells and ECM) and AML cells; multicellular resistance of AML cells; intercellular adhesion and drug resistance of AML cells; regulation of differentiation of AML cells

GRANTS

The grants to R. Fadeev as a research project Director:

1. Grant of Russian Foundation for Basic Research (№14-04-32183), the project title “The mechanism of drug resistance when myeloid leukemia cells transformation into proliferating macrophage-like cells”, 2013-2015.

PUBLISHED MANUSCRIPTS

Patent

Akatov VS, Chekanov AV., Fadeev RS et al.
RU 2012130891 A “Method of suppressing of tumors growth”, 27.01.2014

Publications in Peer-Reviewed Journals
